Recipes for Healthy Kids Competition Acknowledgement Page

The United States Department of Agriculture (USDA), Food and Nutrition Service (FNS) would like to thank the following people and organizations for their support of the *Recipes for Healthy Kids* Competition. The *Recipes for Healthy Kids* Competition provided the perfect opportunity for school nutrition professionals, students, parents, chefs, and community members to cook up some new ideas and get children excited about making healthy choices. We want to thank all of the *Recipes for Healthy Kids* teams that participated in the competition. The teams submitted over 340 recipes for this contest.

The Marketing Guide

The Marketing Guide provides special purchasing information on foods that will sustain trimming loss during production. These foods are marked with an asterisk (*) in the ingredient column of the recipe format.

For items marked with an asterisk, the quantity listed under “Weight” and “Measure” in the recipe is the edible portion. This is the quantity required for production and therefore does not account for trimming loss. The Marketing Guide shows the as purchased quantity required when ordering. For example, 5 pounds 1 ounce of broccoli must be purchased in order to yield 4 pounds 1 ounce.

Food Allergens

Each year, millions of Americans have allergic reactions to food. Although most food allergies cause relatively mild and minor symptoms, some food allergies can cause severe reactions, and may even be life-threatening.

There is no cure for food allergies. Strict avoidance of food allergens — and early recognition and management of allergic reactions to food — are important measures to prevent serious health consequences. Check with parents of the children in your care to make sure that you are aware of any food allergies they may have.

For more information go to the *Special Needs Section* on the Food and Nutrition Service’s *School Meals Guidance & Resources* web page at fns.usda.gov/cnd/guidance/default.htm.

Know the Symptoms

Symptoms of food allergies typically appear from within a few minutes to two hours after a person has eaten the food to which he or she is allergic. Allergic reactions can include:

- Hives
- Flushed skin or rash
- Tingling or itchy sensation in the mouth
- Face, tongue, or lip swelling
- Vomiting and/or diarrhea
- Abdominal cramps
- Coughing or wheezing
- Dizziness and/or lightheadedness
- Swelling of the throat and vocal cords
- Difficulty breathing
- Loss of consciousness

TOP 8

Food Allergens:

1. Fish
2. Shellfish
3. Eggs
4. Milk
5. Wheat
6. Peanuts
7. Tree Nuts
8. Soybeans

Tips From The 10 Tips Nutrition Education Series

Make half your plate veggies and fruits

Vegetables and fruits are full of nutrients and may help to promote good health. Choose red, orange, and dark green vegetables such as tomatoes, sweet potatoes, and broccoli.

Include whole grains

Aim to make at least half your grains whole grains. Look for the words “100% whole grain” or “100% whole wheat” on the food label. Whole grains provide more nutrients, like fiber, than refined grains.

Know what to look for on the ingredient list

Read the ingredient list and choose products that name a whole grain ingredient first on the list. Look for “whole wheat,” “brown rice,” “bulgur,” “buckwheat,” “oatmeal,” “whole-grain cornmeal,” “whole oats,” “whole rye,” or “wild rice.”

Add lean protein

Choose protein foods, such as lean beef and pork, or chicken, turkey, beans, or tofu.

Don't forget the dairy

Pair your meal with a cup of fat-free or low-fat milk. They provide the same amount of calcium and other essential nutrients as whole milk, but less fat and calories. Don't drink milk? Try soymilk (soy beverage) as your beverage.

Avoid extra fat

Using heavy gravies or sauces will add fat and calories to otherwise healthy choices. For example, steamed broccoli is great, but avoid topping it with cheese sauce. Try other options, like a sprinkling of low-fat parmesan cheese or a squeeze of lemon.

Try new foods

Keep it interesting by picking out new foods you've never tried before, like mango, lentils, or kale. You may find a new favorite! Trade fun and tasty recipes with friends or find them online.

Recipes for Healthy Kids Cookbook

Kid-Approved Recipes For Child Care

If you're looking to add to your collection of delicious, kid-approved recipes that are made from healthy ingredients, look no further than the *Recipes for Healthy Kids Cookbook*. The recipes in this cookbook feature foods that children and adults alike should consume more of: dark green and orange vegetables, dry beans and peas, and whole grains. All of these healthy recipes are low in total fat, saturated fat, sugar, and sodium. With fun names such as Porcupine Sliders, Smokin' Powerhouse Chili, and Squish Squash Lasagna, even picky eaters are sure to taste and try these recipes. The featured recipes are standardized for 25 and 50 servings and include no more than 15 ingredients. These kid-tested, kid-approved recipes are sure to please children and be an instant hit in your child care program!

This cookbook features a collection of recipes from the *Recipes for Healthy Kids Competition*. The top recipes in each category have been standardized for cookbooks for home, child care centers, and schools. The cookbooks and recipes are also available from the Team Nutrition Web site at Teamnutrition.usda.gov.

The Challenge From the White House

This cookbook contains the top 30 recipes from the *Recipes for Healthy Kids Competition*, which the U.S. Department of Agriculture (USDA) launched in September 2010 in support of First Lady Michelle Obama's *Let's Move!* initiative. The USDA collaborated with the American Culinary Federation (ACF) and the School Nutrition Association (SNA) on this nationwide competition. Teams of students (grades 4

to 12), school nutrition professionals, chefs, parents, and other interested community members were challenged to partner and create tasty and healthy new recipes. The recipe challenge was created to increase students' intake of foods in these under-consumed competition categories: dark green and orange vegetables, dry beans and peas, and whole grains.

Each "Recipe Challenge Team" used the talents of its team members to create recipes that could be a new creation or a twist on a recipe already being enjoyed at the school. Chefs provided food expertise, while school nutrition professionals shared insight as to what can be accomplished in school settings. Together the chef and school nutrition professional helped kids, parents, and community members to prepare nutritious dishes. Each team held taste-testing events at its school to help ensure that its recipe would be a winner at the competition.

The Recipes for Healthy Kids Competition

After weeks of hard work by the teams, over 340 recipes were submitted to the competition. What followed was an extensive process of reviewing, ranking, and judging. The top three schools with the winning recipe from each category prepared their dish at a national cook-off.

■ **Reviewing and ranking:** The 340 eligible recipes were reviewed and ranked within each category by teams of ACF chefs and USDA Food and Nutrition Service (FNS) staff to determine the top 30 recipes, 10 in each of the 3 recipe categories.

■ **Onsite judging:** The top 15 teams were visited by a team of three judges, made up of an FNS staff member, an ACF chef, and a school nutrition professional. The judges were met with a warm welcome and much enthusiasm by the recipe challenge teams at each school. The

recipes were served to the students. The judges sampled and scored each recipe and chose the First Place Finalists in each recipe category.

■ **National cook-off:** The three First Place Finalists competed in a national cook-off held at the ACF National Convention in July 2011. Competing for the Grand Prize were the teams preparing Porcupine Sliders, Central Valley Harvest Bake, and Tuscan Smoked Turkey and Bean Soup. White House chef Sam Kass served as Master of Ceremonies for the cook-off. Judges included FNS Administrator Audrey Rowe; President of the School Nutrition Association, Helen Phillips; and two ACF chefs, Rene Marquis and Shawn Hanlin. Porcupine Sliders was the Grand Prize winner of the *Recipes for Healthy Kids* Competition.

■ **Public Choice voting:** In addition to the national cook-off, over 16,000 public votes were cast online to determine the Popular Choice winner from the top 15 semi-finalist recipes at the competition's Web site. The winning recipe, Tasty Tots, received over 2,000 community votes.

Winning Recipes

The top recipes in each category were judged on student involvement, nutrition, creativity and originality, ease of use in schools, and recipe presentation. Recipe category winners received a total of \$12,000 to benefit their school meals programs.

GRAND PRIZE WINNER
Recipes for Healthy Kids

These mouth-watering turkey burgers are made with the right amount of spices and a burst of sweet cranberries and served on small whole-grain rolls; watch children delight in the flavors!

Porcupine Sliders

SOUTH EDUCATION CENTER ALTERNATIVE SCHOOL
Richfield, Minnesota

Our Story

For this recipe competition, the South Education Center Alternative (SECA) School created a recipe challenge team, which developed the national cook-off Grand Prize winning Porcupine Sliders.

What exactly are Porcupine Sliders? Meant to be served as an entrée, they are healthy, mouth-watering turkey burgers, high in protein, with just the right amount of spices and a kick of sweet cranberries, all served on whole-grain rolls. Students put their heads together in the school kitchen, mixing and matching the ingredients to find the perfect blend. They worked hard and had fun developing the tasty burger. The addition of brown rice to the burger mixture created a prickly look like little porcupines – thus their name. Then the school’s foodservice professionals made the sliders, and the team served them to their classmates that ate school lunch that day. After surveying the lunch room, the team received the positive feedback they needed to enter the competition for the big win!

Porcupine Sliders are a delicious, nutritious, and appetizing new way to get kids to eat healthy. The simple ingredients and easy preparation makes them a favorable choice for a quick menu idea that kids will enjoy!

Chic' Penne

WINOGRAD K-8 ELEMENTARY SCHOOL
Greeley, Colorado

Our Story

Students who have a passion for food and who enjoy a challenge were handpicked by their food science teacher. Once the team was formed, they began to strategize, and the recipe creation began at a very basic level. With the help of pictures, the team discussed all the foods eligible for the competition. Using a chalkboard, they wrote down what each team member liked to eat and began to form the basic dishes they wanted to try. After a couple of test runs, the team was ready to try out their recipe creation on the Winograd students. Their creation, Chic' Penne, was an instant hit with kids.

Not found at your local fast food restaurant, Chic' Penne has a little hint of black pepper and is anything but ordinary. By combining the best ingredients, this recipe produces a dish that not only looks good, but tastes good too!

Mediterranean Quinoa Salad

BELLINGHAM MEMORIAL MIDDLE SCHOOL

Bellingham, Massachusetts

Our Story

Bellingham Memorial Middle School in Bellingham, Massachusetts, serves over 800 students in grades 5-8. The school seeks to establish itself as an exemplary middle school by developing programs that are responsive to student needs.

The parents, staff, and surrounding community work together to promote school ideals and ensure that each student has the opportunity to reach his or her fullest potential as a responsible member of society.

The recipe challenge team consisted of the Director of Food Service, two chefs, 24 students, and the Health and Wellness Specialist from the local YMCA. The team held an afterschool cooking class led by chefs to decide how they would develop a winning recipe. After a discussion on the value of healthy eating and a lesson on basic nutrition, the students were divided into four groups, and each group was assigned a cook-leader. The chosen recipe was Mediterranean Quinoa Salad. It features a nutritious whole grain called quinoa, mixed with a colorful variety of vegetables, including red bell peppers, parsley, and cherry tomatoes, feta cheese, and a light lemon dressing. The enticing side dish was served to over 200 5th and 7th grade students. As anyone can guess, this party of flavors received rave reviews.

Whole Grains

Aztec Grain Salad combines a South American, high-protein grain called quinoa with aromatic roasted butternut squash, crisp apples, and dried cranberries to make a delicious and colorful side dish.

Whole Grains

Aztec Grain Salad

NOVI MEADOWS 6TH GRADE UPPER ELEMENTARY SCHOOL

Novi, Michigan

Our Story

Novi Meadows, an upper elementary Blue Ribbon Exemplary School, drew on the talents and hard work of students, staff, parents, and the community to create their unique recipe. The School Nutrition Action Committee (SNAC) brainstormed recipe ideas that would not only fulfill the nutritional requirements of the contest, but would also be appealing to the students. The SNAC wanted to come up with something that was different and chose quinoa as the whole grain to feature in the recipe. Quinoa was then paired with traditional American fall produce to create a unique flavor experience. Aztec Grain Salad was named by the students, and it is a fantastic side dish to offer your students.

Whole Grains

This rich and creamy recipe gives ordinary chicken alfredo a healthy twist, combining fat-free half and half with canned cream of chicken soup and whole-grain rotini noodles.

Chicken Alfredo With a Twist

VAN BUREN MIDDLE SCHOOL
Kettering, Ohio

Our Story

Located in southwest Ohio, Van Buren Middle School is a proud member of the Kettering City School Family. The school continually strives to be a leader in educational excellence.

The Van Buren Middle School recipe challenge team initially developed nine recipes for testing. From these recipes, five were prepared and served to approximately 500 students. Students were asked to vote for their favorite two recipes and provide comments. The team submitted two recipes to the *Recipes for Healthy Kids* Competition, and the Chicken Alfredo With a Twist recipe proved to be a winner! The team felt that the experience was an excellent way to gain student support and to market healthy choices for the lunch menu.

This recipe saves on fat and calories by using fat-free half and half, and boosts the fiber content by incorporating whole grains, using whole-grain rotini instead of traditional fettuccine noodles. These 'twists' make this a healthy alternative to the classic chicken alfredo that students will surely delight in eating.

Chicken Curry Casserole

GARFIELD ELEMENTARY SCHOOL

Washington, District of Columbia

Our Story

The students of Garfield Elementary School were eager to accept the *Recipes for Healthy Kids* Competition challenge. The recipe challenge team began by brainstorming ideas and developing recipes for each category of the competition. Students then prepared the dishes for their peers and used the feedback to perfect the recipes. While all of the dishes were popular at Garfield, the Chicken Curry Casserole gained special attention from the competition judges. This chicken curry recipe originated from a student who was inspired by a favorite dish her aunt makes at home. Chicken Curry Casserole is a dish to warm the heart and please the soul!

Oodles of Noodles

LINCOLN JUNIOR HIGH SCHOOL

Skokie, Illinois

Our Story

When the Assistant Principal asks you to work on a recipe challenge project, you roll up your sleeves and get busy! For the recipe challenge team at Lincoln Junior High School, foodservice members, teachers, students, parents, and a chef all came together on Saturdays to cook, taste, and adjust recipes.

At the start of the project, a handful of students and teachers brainstormed a list of their favorite foods and ideas that they thought might work for this project. Teams were formed that represented each of the contest categories. Each team prepared its initial recipe during a weekend cooking session.

Using the feedback provided by the team, the chef adjusted each of the recipes and prepared them for a student taste testing. Thirty students tasted the recipes and were asked to comment and share whether they would eat the dish if it were served again. Based on their feedback, the school submitted three recipes as part of the contest. They were thrilled that one of their recipes, Oodles of Noodles, was selected and featured in this cookbook.

Ooodles of Noodles

Meal Components: Red/Orange Vegetable-Other Vegetable-Grains

Grains B-26r

Ingredients	25 Servings		50 Servings		Directions Process #2: Same Day Service
	Weight	Measure	Weight	Measure	
Water		2 gal		4 gal	1. Heat water to a rolling boil.
Penne pasta, whole-wheat, dry	2 lb 12 oz	3 qt 2 ¾ cups	5 lb 8 oz	1 gal 3 qt	2. Slowly add pasta. Stir constantly until water boils again. Cook about 8 minutes or until al dente. Stir occasionally. DO NOT OVERCOOK. Drain well.
Extra virgin olive oil		⅓ cup		⅔ cup	3. Heat oil. Sauté half of tomatoes over medium heat for 2 minutes until skins soften. DO NOT OVERCOOK. Tomatoes should maintain their shape. For 25 use a large stockpot. For 50 servings, use 1 roasting pan/square head pan (20 ⅞" x 17 ⅜" x 7") on top of stove. Reserve remaining tomatoes for step 6.
*Fresh grape tomatoes, halved	3 lb	2 qt	6 lb	1 gal	
Dried basil		⅓ cup		¼ cup	4. Add basil, salt, pepper, and garlic.
Sea salt		1 Tbsp		2 Tbsp	
Ground black pepper		½ Tbsp		1 Tbsp	
Fresh garlic, minced	2 oz	¼ cup	4 oz	½ cup	
Whole-wheat flour	3 ½ oz	¾ cup	7 oz	1 ½ cups	5. Sprinkle flour over tomatoes. Sauté over medium heat for an additional 1-2 minutes. When mixture begins to thicken add broth. Bring to a boil uncovered. Reduce heat to low.
Low-sodium vegetable broth		2 qt ¼ cup		1 gal ½ cup	
*Fresh Swiss chard, stems removed, chopped	1 lb 4 oz	1 qt 2 ½ cups	2 lb 8 oz	3 qt 1 cup	6. Add Swiss chard and the remaining tomatoes. Simmer over low heat, uncovered, for 2 minutes or until Swiss chard is wilted. Critical Control Point: Heat to 140 °F or higher for at least 15 seconds.
					7. Pour over pasta and serve.
					8. Critical Control Point: Hold for hot service at 135 °F or higher.
					9. Portion with 8 fl oz ladle (1 cup).

 The grain ingredients used in this recipe must meet the Food and Nutrition Service whole grain-rich criteria.

Whole Grains

This surprisingly peppery side dish combines spicy green chilies, cilantro, and toasted pepitas with the nutty flavor of quinoa, giving this dish a Latino flair that will spice up any menu.

Peppy Quinoa

SARTELL MIDDLE SCHOOL

Sartell, Minnesota

Our Story

The recipe challenge team at Sartell Middle School decided to feature quinoa as its key ingredient. From South America, this versatile whole grain can be prepared in many different ways. As a light and fluffy alternative to rice or couscous, students are sure to enjoy quinoa—a nutty-flavored whole grain.

The team members all had one thing in common: a passion for serving healthy food to students. The recipes the team developed were based on the suggestions of the students. Each team member did research individually before coming together as a group to decide which recipes to make. Once the recipes were developed, a tasting session was held in order to fine-tune the recipes.

In the end, three recipes were developed by the team and taste-tested by the entire student body. On tasting day, the students were given a brief survey to obtain their feedback on each recipe. More than 300 surveys were completed, and the results were overwhelmingly positive for Peppy Quinoa, which is when the team realized that they had a winning recipe in their hands. Move over pasta, quinoa is in the house!

Whole Grains

Rainbow Rice

HIGHLAND ELEMENTARY SCHOOL

Cheshire, Connecticut

Our Story

Highland Elementary School is a dynamic and exciting place to work or to go to school. Students were eager to hear about the recipe competition and were challenged to submit an essay describing why they would like to be chosen for the recipe challenge team.

After meeting to decide which recipe would appeal most to the kids, the team developed two recipes that were entered into the contest. During the recipe tasting, Rainbow Rice was an instant smash hit with the students and received great reviews. Rainbow Rice is exactly that – a colorful rainbow of healthy vegetables, wholesome grains, and protein. Rainbow rice is certainly a wonderful way to introduce children to a variety of grains that they are sure to enjoy: brown rice, wild rice, barley, quinoa, and bulgur wheat.

Creating and sampling the recipes was a wonderful learning experience for the entire team. Packed with whole grains and colorful vegetables, this recipe is a sure winner for those wanting a healthy dish without sacrificing taste. The team believes that once you have tasted “Rainbow Rice,” you will feel like you’ve gone over the rainbow!

Tips for Choosing Whole-grain Foods

Search the label

Whole grains can be an easy choice when preparing meals. Choose whole-grain breads, breakfast cereals, and other prepared foods. Look at the Nutrition Facts labels to find choices lower in sodium, saturated (solid) fat, and sugars.

Look for the word “whole” at the beginning of the ingredient list

Some whole-grain ingredients include whole oats, whole-wheat flour, whole-grain corn, whole-grain brown rice, wild rice, and whole rye. Foods that say “multi-grain,” “100% wheat,” “high fiber,” or are brown in color may not be a whole-grain product.

Find the fiber on label

If the product provides at least 3 grams of fiber per serving, it is a good source of fiber. If it contains 5 or more grams of fiber per serving, it is an excellent source of fiber.

Is gluten in whole grains?

People who can't eat wheat gluten can eat whole grains if they choose carefully. There are many whole-grain products, such as buckwheat, certified gluten-free oats or oatmeal, popcorn, brown rice, wild rice, and quinoa that fit gluten-free diet needs.

Keep a lid on it

When storing whole grains from bulk bins, use containers with tight-fitting lids and keep in a cool, dry location. A sealed container is important for maintaining freshness and reducing the possibility of bug infestations or moisture.

What's the shelf life?

Since the oil in various whole-grain flours differs, the shelf life varies too. Most whole-grain flours keep well in the refrigerator for 2 to 3 months and in the freezer for 6 to 8 months.

Wrap it up

Whole-grain bread is best stored at room temperature in its original packaging, tightly closed with a quick-lock or twist tie. The refrigerator will cause bread to lose moisture quickly and become stale. Properly wrapped bread will store well in the freezer.

Whole Grains

Inspired by a popular children's book with a similar title, this hot main dish creatively combines brown rice, spinach, eggs, and ham to create a great wholesome meal that satisfies the pickiest of eaters.

Whole Grains

Stir-Fried Green Rice, Eggs, and Ham (Turkey Ham)

MCDOUGLE ELEMENTARY SCHOOL/CULBRETH MIDDLE SCHOOL

Chapel Hill, North Carolina

Our Story

A local restaurant owner and chef worked with the recipe challenge team comprised of students from McDougle Elementary School and Culbreth Middle School. The team developed this recipe using the chef's cooking style, consisting of North Carolina ingredients and Asian-inspired flavors. The Stir-Fried Green Rice, Eggs, and Ham is a beautifully presented colorful dish that will be an instant kid favorite, not only due to the recipe's name, but also its taste!

Students from three area elementary schools, a middle school, and the local high school participated in developing the recipes and tasting the food. The students were very excited to participate in the program knowing that their decisions could help make changes on their school menu.

Recipes for Healthy Kids

A healthy, kid-friendly alternative to traditional "fried" potatoes, Tasty Tots are made with sweet potatoes and garbanzo beans (chickpeas).

Dark Green and Orange Vegetables

Tasty Tots

BELLINGHAM MEMORIAL MIDDLE SCHOOL

Bellingham, Massachusetts

Our Story

The recipe challenge team at Bellingham Memorial Middle School began by brainstorming healthy menu items that would be well accepted by students. The team learned how to execute the contest's recipe development during an afterschool cooking class led by chefs from a Whole Foods Market. After a discussion on the value of healthy food and basic nutrition, the team divided into four groups and developed eight recipes.

The recipes were taste-tested by over 200 students and resulted in rave reviews. Two of these recipes, Tasty Tots and Mediterranean Quinoa Salad, became winning recipes featured in this cookbook.

Tasty Tots are a combination of sweet potatoes, garbanzo beans (chickpeas), and cinnamon that come together to form a unique, delicious dish. This variation of a classic side dish is a yummy addition to any menu.

Tasty Tots

Meal Components: Red/Orange Vegetable-Other Vegetable

Vegetables I-23r

Ingredients	25 Servings		50 Servings		Directions Process #2: Same Day Service
	Weight	Measure	Weight	Measure	
*Fresh sweet potatoes, peeled, coarsely shredded	6 lb	1 gal 1 qt	12 lb	2 gal 2 qt	1. Spread shredded sweet potatoes evenly on a sheet pan (18" x 26" x 1") lightly coated with pan release spray. For 25 servings, use 1 pan. For 50 servings, use 2 pans. 2. Bake sweet potatoes until slightly tender. DO NOT OVERCOOK. Conventional oven: 350 °F for 20 minutes Convection oven: 350 °F for 15 minutes
Canned low-sodium garbanzo beans (chickpeas), with liquid	3 lb 7 oz	2 qt 1 ½ cups (½ No. 10 can)	6 lb 14 oz	1 gal 3 cups (1 No. 10 can)	
Vegetable oil		½ cup		1 cup	3. Puree garbanzo beans, including the liquid, in a food processor to a smooth consistency. Yields: For 25 servings, about 1 qt 3 ¼ cups (3 lb 6 oz). For 50 servings, about 3 qt 2 ½ cups (6 lb 12 oz). 4. Combine sweet potatoes, pureed garbanzo beans, oil, salt, garlic, onions, pepper, onion powder, and cinnamon. Mix well. For 50 servings mix in enriched all-purpose flour to help bind the product. (Flour added as a processing aid does not contribute significantly to the nutrient analysis). Refrigerate at 40 °F for 40-50 minutes to make tots easier to form.
Salt		2 tsp		1 Tbsp 1 tsp	
Granulated garlic		2 tsp		1 Tbsp 1 tsp	
*Fresh green onions, finely diced	3 oz	¾ cup 2 Tbsp	6 oz	1 ¾ cups	
Ground black pepper		1 tsp		2 tsp	
Onion powder		2 tsp		1 Tbsp 1 tsp	
Ground cinnamon		2 tsp		1 Tbsp 1 tsp	
Enriched all-purpose flour	0	0	2 ½ oz	½ cup	
					5. Using a No. 40 scoop, place mixture 1-inch apart on sheet pan (18" x 26" x 1") lined with parchment paper and lightly coated with pan release spray. For 25 servings, use 2 pans. Make 150 tots. For 50 servings, use 4 pans. Make 300 tots.

Dark Green and Orange Vegetables

Tasty Tots

Meal Components: Red/Orange Vegetable-Other Vegetable

Vegetables I-23r

Ingredients	25 Servings		50 Servings		Directions Process #2: Same Day Service
	Weight	Measure	Weight	Measure	
					<p>6. Cover tots on sheet pan with layer of parchment paper then use a second sheet pan and lightly press to flatten tots.</p> <p>7. Bake until light brown: Conventional oven: 400 °F for 12 minutes Convection oven: 400 °F for 9 minutes</p> <p>Critical Control Point: Heat to 140 °F or higher for at least 15 seconds.</p> <p>8. Critical Control Point: Hold at 135 °F or higher for hot service.</p> <p>9. Serve 6 tots.</p>

Serving	Yield	Volume
6 tots provides: $\frac{3}{8}$ cup red/orange vegetable and $\frac{3}{8}$ cup other vegetable.†	25 Servings: about 7 lb 5 oz	25 Servings: 150 tots
†The legumes in this recipe contribute to the <i>other vegetable subgroup</i> and not the <i>meat/meat alternate component</i> since the beans are not visibly recognizable as legumes in the Tasty Tots recipe. This vegetable side dish with legumes is limited to the vegetable component because of its function as a vegetable in the meal.	50 Servings: about 14 lb 10 oz	50 Servings: 300 tots
FACT: Improving the nutrient content of the foods children eat by disguising nutrient-rich vegetables and fruits in the food is a great idea for people of all ages. However, it is not a menu planning principle that teaches and encourages children to recognize and choose a variety of healthy fruits and vegetables.

1ST PLACE WINNER
Dark Green and
Orange Vegetables

A succulent side dish that provides a striking contrast of flavors and textures.

Dark Green and Orange Vegetables

Central Valley Harvest Bake

JOSHUA COWELL ELEMENTARY SCHOOL

Manteca, California

Our Story

The rich agricultural region of Manteca, California, grows many crops annually, including winter squash, pumpkin, corn, watermelon, and almonds. Therefore, the recipe challenge team's goal was to develop a dish that featured a locally grown, dark green or orange vegetable. The team selected butternut squash because of its flavor and colorful eye appeal and the fact that it was grown in the school district's garden. This squash is a deep orange-colored winter squash with a sweet, nutty taste similar to pumpkin. The team discovered that even though a large quantity of butternut squash is grown in their area, many students had never tasted it. It was important to the team to develop a recipe that would introduce students to a delicious, healthy vegetable.

This succulent side dish combines the sweetness of butternut squash with the spicy kick of jalapenos and red peppers and is baked together with black beans, red quinoa, and granola for an absolutely delightful mouthful. It complements a variety of entrées, including grilled chicken or roast turkey.

Dark Green and Orange Vegetables

Know your farmer. Know your food.

Fruits and vegetables do not have to travel as far when you buy from local farmers. Farms can also be a great place to learn about where your food comes from.

Celebrate the season

Use fresh vegetables and fruits that are in season. They are easy to get, have more flavor, and are usually less expensive. Your local farmers market is a great source of seasonal produce.

2ND PLACE WINNER
Dark Green and
Orange Vegetables

This main dish creatively combines southwest spices with an Asian cooking style, blending the flavors of locally grown produce with fajita chicken strips, all stir-fried to perfection.

Dark Green and Orange Vegetables

Stir-Fry Fajita Chicken, Squash, and Corn

MONUMENT VALLEY HIGH SCHOOL

Kayenta, Arizona

Our Story

Located in the northeastern corner of Arizona on the Navajo Indian Reservation, Monument Valley High School is part of the Kayenta Unified School District. For the recipe challenge, two student teams worked together to help prepare and sample dishes.

The team ultimately developed Stir-Fry Fajita Chicken, Squash, and Corn. This dish combines the mildly sweet flavor of butternut squash and the individual flavors of onions, corn, red peppers, and diced chilies brought together with a blend of black pepper, cumin, garlic powder, and diced tomatoes. The Stir-Fry Fajita Chicken, Squash, and Corn dish uses the natural flavors from vegetables and spices to make a savory meal, which can only be matched by the aroma produced when cooking.

Dark Green and Orange Vegetables

This dish offers a sweet mixture of brown rice, juicy pineapple, tasty chicken, and bok choy, tossed with sweet and sour sauce and wrapped in a fresh, crisp romaine lettuce leaf.

Dark Green and Orange Vegetables

Bok Choy Wrappers

WINOGRAD K-8 ELEMENTARY SCHOOL

Greeley, Colorado

Our Story

Students with a passion for food were handpicked by their food science teacher. The culinary knowledge of their school nutrition professional, and a local chef, along with the organizational skills of a community member, rounded out this recipe challenge team. They combined their love of food, clever personalities, and amazing ideas to create recipes students would enjoy.

They began by writing down favorite foods of the team members, and used this list to craft basic dishes to try in the kitchen. The team experimented with different techniques and ingredients that everyone would enjoy.

They decided to use bok choy as a main ingredient. This dark-green leafy Chinese cabbage with a light, sweet flavor is a new vegetable to most students. They knew that presentation would be the key in getting students to try it. After much experimentation, a recipe was developed that is truly a hands-on experience, the Bok Choy Wrappers.

This recipe challenged kids to try something new. Bok Choy Wrappers are not your typical wrap! They let you eat with your hands by making a wrap of crisp romaine lettuce leaves filled with a delicious and nutritious combination of chicken, pineapple, brown rice, and of course, bok choy!

Dark Green and Orange Vegetables

This appealing main dish combines seasoned chicken, sweet pineapple, and crunchy shredded vegetables, topped with a delicious poppy seed dressing all wrapped in a warm, whole-wheat tortilla.

Dark Green and Orange Vegetables

Crunchy Hawaiian Chicken Wrap

MOUNT LEBANON ELEMENTARY SCHOOL

Pendleton, South Carolina

Our Story

Mount Lebanon Elementary School is located in beautiful, historic Pendleton, South Carolina. For this competition, the “Healthy Kids Committee” at Mount Lebanon worked diligently with a local chef to develop, test, and prepare a recipe. Using a list of basic food items that Mount Lebanon students liked the best, the team worked together to create a tasty wrap served as a main dish. The recipe was a hit with students on the first try. The team tested the recipe twice and then served it to a small group of students. To narrow down the choices, this wrap was cooked once with fish and once with chicken. The students were split half and half on which one they liked the best, so the team opted for chicken.

As its name suggests, Crunchy Hawaiian Chicken Wrap is a deliciously crunchy recipe with a refreshing hint of tropical sweetness. By popular demand, the recipe is currently featured on the Mount Lebanon Elementary School menu.

Dark Green and Orange Vegetables

Inspired by autumn vegetables found at farmers markets, Harvest Delight is an irresistible, brilliantly colored roasted vegetable and fruit medley side dish.

Dark Green and Orange Vegetables

Harvest Delight

THE PROTESTANT GUILD FOR HUMAN SERVICES, INC.

Waltham, Massachusetts

Our Story

The recipe challenge team was formed when the students at The Guild expressed an interest in learning how to cook healthier, fresher meals. To meet this need, the Harvest Delight dish was created featuring locally grown ingredients seasoned with fresh aromatic herbs and a subtle taste of maple. In existence since 1940, The Guild is a residential school for students ages 6 to 22 years. The school serves students with mental health issues, autism, developmental disabilities, and emotional and behavioral challenges.

The Harvest Delight recipe was initially served in the school's residence hall for a small group of students. The students enjoyed the dish and gave it high ratings.

Harvest Delight was then served to the entire student body. Over 90 percent of the students who evaluated the recipe rated it "very good" to "excellent." The team was overjoyed with the recipe's positive feedback and was happy to find a fresh vegetable dish that is popular with the students. Who knew that sweet potatoes, butternut squash, carrots, spinach, dried cranberries, and apples could cause so much excitement? The colorful and delicious blend of vegetables, fruits, and herbs of Harvest Delight is sure to please any student!

Dark Green and Orange Vegetables

A combination of colors and textures that overflows with fresh vegetables, spicy fish, and a burst of citrus, all contained in a whole-wheat tortilla, with fresh avocado.

Dark Green and Orange Vegetables

Roasted Fish Crispy Slaw Wrap

LIBERTY MIDDLE SCHOOL

Orlando, Florida

Our Story

There are many benefits to living in Orlando, Florida. Liberty Middle School realized this when they learned a local chef from Universal Studios in Orlando would be a member on the recipe challenge team. At the initial meeting with the students, the chef used this opportunity to discuss the importance of making healthy food choices. As a focus of one of his lessons, he introduced the students to new ingredients, including bok choy which was used in their recipe submission. The recipe also used whole-wheat tortilla wraps, meeting the need to integrate more whole grains into kids' diets. Together with the school's kitchen staff, the recipe team helped to develop Roasted Fish Crispy Slaw Wrap.

The recipe was entered into the contest under the Vegetable category and was selected as one of the top 15 recipes in the contest. The excitement leading up to their final contest placement was uncontrollable with the judging day being May 5, "Cinco de Mayo." What a great day for a celebration! The team is ecstatic to have their recipe featured in this cookbook and is sure that other students will enjoy this crunchy, tasty delight!

Dark Green and Orange Vegetables

A chili made of a blend of vegetables, black beans, and smokey spices all served with ancient Aztec whole-grain quinoa.

Dark Green and Orange Vegetables

Smokin' Powerhouse Chili

WEST JUNIOR HIGH SCHOOL

Minnetonka, Minnesota

Our Story

Hopkins West Junior High School is located just across the Hopkins border in Minnetonka, Minnesota. It was one of the first middle schools in the State to receive the Blue Ribbon National Schools of Excellence award from the U.S. Department of Education. It was also named one of the "100 Highly Effective Middle Level Schools" by the National Association of Secondary School Principals.

The recipe challenge team developed dishes that were prepared by the school nutrition staff and then offered to students during their lunch hour. A "Meet the Chef" table was set up for students to submit their recipe evaluation forms and suggestions. In the end, the results showed that the Smokin' Powerhouse Chili was a success among students. It stands apart because of its warm, rich flavors.

As the recipe challenge team describes it, their vegetarian quinoa chili is "the bomb!" As a main dish, it has a smoky blend of spices coupled with some of Minnesota's best harvest. Smokin' Powerhouse Chili is the perfect dish to help you warm up from the inside out on a cold winter's day!

Dark Green and Orange Vegetables

Smokin' Powerhouse Chili

Meal Components: Meat Alternate-Legume Vegetable-Red/Orange Vegetable-Other Vegetable-Additional Vegetable-Grains

Main Dishes D-58r

Ingredients	25 Servings		50 Servings		Directions Process #2: Same Day Service
	Weight	Measure	Weight	Measure	
Canned low-sodium black beans drained, rinsed OR *Dry black beans, cooked (See Notes Section)	3 lb	2 qt (1 ¼ No. 10 cans)	6 lb	1 gal (2 ½ No. 10 cans)	6. Add beans, corn, and sweet potatoes to vegetable mixture. Simmer uncovered over low heat for 10 minutes. Critical Control Point: Heat to 140 °F or higher for at least 15 seconds.
Frozen corn, thawed, drained	1 lb	3 cups	2 lb	1 qt 2 cups	7. Critical Control Point: Hold for hot service at 135 °F or higher.
Quinoa, dry	1 lb	2 ½ cups	2 lb	1 qt 1 cup	8. Rinse quinoa in a fine mesh strainer until water runs clear, not cloudy.
Water		3 ½ cups		1 qt 3 cups	9. Combine quinoa and water in a covered stockpot and bring to a boil. Reduce heat to low and simmer until water is completely absorbed, about 15 minutes. When done, quinoa will be soft and a white ring will pop out of the kernel. The white ring will only appear when it is fully cooked. 10. Critical Control Point: Hold for hot service at 135 °F or higher.
					11. Portion 8 fl oz ladle (1 cup) chili. Serve with No. 16 scoop (¼ cup) cooked quinoa. 12. If desired, serve chili with ¼ cup brown rice in place of quinoa.

 The grain ingredients used in this recipe must meet the Food and Nutrition Service whole grain-rich criteria.

Smokin' Powerhouse Chili

Meal Components: Meat Alternate-Legume Vegetable-Red/Orange Vegetable-Other Vegetable-Additional Vegetable-Grains

Main Dishes D-58r

Notes

*See Marketing Guide for purchasing information on foods that will change during preparation or when a variation of the ingredient is available.

Special tip for preparing dry beans:

SOAKING BEANS

OVERNIGHT METHOD: Add 1 ¾ qt cold water to every 1 lb of dry beans. Cover and refrigerate overnight. Discard the water. Proceed with recipe.

QUICK-SOAK METHOD: Boil 1 ¾ qt of water for each 1 lb of dry beans. Add beans and boil for 2 minutes. Remove from heat and allow to soak for 1 hour. Discard the water. Proceed with recipe.

COOKING BEANS

Once the beans have been soaked, add 1 ¾ qt water for every lb of dry beans. Boil gently with lid tilted until tender, about 2 hours. Use hot beans immediately.

Critical Control Point: Hold for hot service at 135 °F or higher.

OR

Chill for later use.

Critical Control Point: Cool to 70 °F within 2 hours and to 40 °F or lower within an additional 4 hours.

1 lb dry black beans = about 2 ¼ cups dry or 4 ½ cups cooked beans.

 The grain ingredients used in this recipe must meet the Food and Nutrition Service whole grain-rich criteria.

Powell, Ohio

Our Story

The recipe team from Liberty Elementary School made it a goal to create a recipe that would be enjoyed by kids. Students wanted a new lunch menu with more flavor and variety. They started the recipe development process by surveying 4th and 5th grade students. After the survey results were compiled, the team decided to test two recipes and conduct a student taste test to measure the quality of the recipes. With feedback from students, the team developed Squish Squash Lasagna, featuring butternut squash. This savory vegetable has a deep orange color and sweet, nutty taste similar to pumpkin that children are sure to enjoy.

After sampling the dish, some students returned for second helpings. That's when the team knew that this recipe was a hit! Students at Liberty Elementary School were thrilled to learn that this recipe could be a part of their daily lunch program. Squish Squash Lasagna offers students a flavorful dining experience. Excite students by making this dish a part of your planned lunch menu!

Dark Green and Orange Vegetables

Tips for Affordable Fruits and Veggies

Try canned or frozen

Compare the price and the number of servings from fresh, canned, and frozen forms of the same veggie or fruit. Canned and frozen items may be less expensive than fresh. For canned items, choose fruit canned in 100% fruit juice and vegetables with “low sodium” or “no salt added” on the label.

Keep it simple

Buy vegetables and fruits in their simplest form. Pre-cut, pre-washed, ready-to-eat, and processed foods are convenient, but often cost much more than when purchased in their basic forms.

Dark Green and Orange Vegetables

This hearty main dish combines the sweetness of orange sweet potatoes and robustness of black beans, with the surprise addition of Swiss chard and a light touch of cumin. Serve over brown rice or whole-wheat couscous for a warm delight!

Dark Green and Orange Vegetables

Sweet Potato and Black Bean Stew

SKYLINE HIGH SCHOOL

Oakland, California

Our Story

What can happen when you put sweet potatoes and black beans together? Well, if you are part of the recipe challenge team at Skyline High School, you get Sweet Potato and Black Bean Stew. Skyline High School is located on a beautiful 45-acre campus at the crest of the Oakland Hills in California. Its recipe challenge team grew out of an existing afterschool cooking academy that teaches cooking skills and nutrition. The team started out with several recipes that led to a recipe cook-off, which eventually resulted in the development and submission of two recipes. Both recipes received overwhelmingly positive responses from the Skyline High School student body. The team is excited to have both recipes, Sweet Potato and Black Bean Stew and Spanish Chickpea Stew, represented in this cookbook.

The wonderful combination in the Sweet Potato and Black Bean Stew recipe is as savory as it is sweet. This stew is brought to a healthy and earthy conclusion by the addition of flavorful Swiss chard, a delicately mild-flavored, dark-green leafy vegetable. Served over brown rice or whole-wheat couscous, this stew will warm the soul and feed the mind.

Notes
*See Marketing Guide for purchasing information on foods that will change during preparation or when a variation of the ingredient is available
Special tip for preparing dry beans:
SOAKING BEANS
OVERNIGHT METHOD: Add 1 ¾ qt cold water to every 1 lb of dry beans. Cover and refrigerate overnight. Discard the water. Proceed with recipe.
QUICK-SOAK METHOD: Boil 1 ¾ qt of water for each 1 lb of dry beans. Add beans and boil for 2 minutes. Remove from heat and allow to soak for 1 hour. Discard the water. Proceed with recipe.
COOKING BEANS
Once the beans have been soaked, add 1 ¾ qt water for every lb of dry beans. Boil gently with lid tilted until tender, about 2 hours.
Use hot beans immediately.
Critical Control Point: Hold for hot service at 135 °F or higher.
OR
Chill for later use.
Critical Control Point: Cool to 70 °F within 2 hours and to 40 °F or lower within an additional 4 hours.
1 lb dry black beans = about 2 ¼ cups dry or 4 ½ cups cooked beans.
In place of the New Mexican Chilies use California, Anaheim, or Ancho chilies. If using powdered chili use Ancho Chili Powder and use 1 Tbsp per chili.

1ST PLACE WINNER
Dry Beans and Peas

This hearty soup will surely tantalize taste buds with tender smoked turkey chunks, Navy beans, and a colorful array of veggies, all simmered in a deliciously seasoned broth.

Dry Beans and Peas

Tuscan Smoked Turkey and Bean Soup

IRA B. JONES ELEMENTARY SCHOOL

Asheville, North Carolina

Our Story

Asheville, North Carolina, located in the heart of the Blue Ridge Mountains, is known for its heritage, arts, and fine dining. Ira B. Jones Elementary School in Asheville shares a taste of another well-known region of fine dining—Tuscany—as its recipe team prepared Tuscan Smoked Turkey and Bean Soup. The recipe challenge team worked together to develop the recipe, and a number of students tasted and evaluated the recipe before it was submitted to the competition.

After Ira B. Jones Elementary School received semifinalist status, 350 servings of the Tuscan Smoked Turkey and Bean Soup were prepared for a special lunch menu celebration. Asheville Mayor Terry Bellamy attended the event to give her support and presented a proclamation declaring May 24, 2011, as “Healthy Kids Challenge Day,” encouraging students to focus on healthy choices through food and physical activity.

The team’s hard work paid off! The recipe features Navy beans, which are actually white in color, but got their popular name because they were a staple food of the U.S. Navy in the early 20th century. Tuscan Smoked Turkey and Bean Soup is sure to tease and please the senses and warm the toes! Delizioso!!

2ND PLACE WINNER Dry Beans and Peas

Flavored with ground red chili, cumin, garlic, and a touch of tomatoes, these lentils have a “salsa flavor” that kids are sure to love. Even better, this tasty lentil-based recipe can be served as a side item or main dish.

Dry Beans and Peas

Lentils of the Southwest

SWEENEY ELEMENTARY SCHOOL

Santa Fe, New Mexico

Our Story

Sweeney Elementary is a large K through 5th grade elementary school on the south side of Santa Fe, New Mexico. The school celebrates the diversity of its students and emphasizes equality and access to programs for all students.

The recipe challenge team came together to create this delicious dish with the support of Cooking with Kids, a nonprofit organization in Santa Fe that provides hands-on nutrition education each year to elementary school students in public schools. The students helped pick recipe names, and the Cooking with Kids Super Chef engaged the students in conversation, critique, and feedback on the recipes. Over 30 students in 5th grade actively created and evaluated several trial recipes, which were sampled by more than 400 students. This led to the development of the final recipe, Lentils of the Southwest.

Lentils have so much potential for school food service menus. Packed with protein, vitamins, and fiber, they are easy to cook and have great versatility. Lentils of the Southwest can be served as a side dish to make the perfect New Mexican lunch. When accompanied by brown rice, this lentil recipe becomes a tasty and hearty main dish. The team is very happy that their recipe was chosen as a finalist to be represented in the cookbook.

Dry Beans and Peas

This delicious recipe mixes together black-eyed peas, savory smoked turkey ham, fresh vegetables, and a secret ingredient, kale, to make up this warm, winter-wonder soup!

Dry Beans and Peas

Confetti Soup

BURKE MIDDLE AND HIGH SCHOOL

Charleston, South Carolina

Our Story

Located in Charleston, South Carolina, Burke Middle and High School takes pride in sharing its rich history of 96 years of intellectual enlightenment. The school strives to help each student reach his/her individual potential while achieving measurable success in the classroom.

This does not stop inside the school, but reaches outside to the community, and was evident in the collaboration to create Confetti Soup!

This recipe challenge team formed a dynamic group with a local restaurant chef as their lead. The chef invited the team members to his restaurant to begin developing recipes for the competition. They worked to perfect the recipes and later prepared the recipes for the students to try. All of their hard work resulted in Confetti Soup. This isn't your everyday soup—students will surely be asking for more!

BYARS ELEMENTARY SCHOOL

Byars, Oklahoma

Our Story

Byars Elementary School is located approximately an hour southeast of Oklahoma City. It is one of the few pre-kindergarten through 8th grade schools in the State. Byars is an old railroad town that was a thriving community in the early 1900s. The train is gone but the locomotion energy prevails as when community members teamed up with the school to pursue the recipe challenge. During the development phase, the recipe challenge team decided to name their creation after the school mascot. Taste-tested by the student body, Eagle Pizza was a winner.

Eagle Pizza will give kids the power and energy they need for a busy day. Take your meals to the top by offering Eagle Pizza, and your students will soar like an eagle when they choose this yummy main dish!

*Fresh carrots, shredded	12 oz	3 ¾ cups	1 lb 8 oz	1 qt 3 ½ cups	8. Top each tostada with: 1 Tbsp 1 tsp spinach/lettuce mixture 2 Tbsp carrots 1 Tbsp salsa 1 Tbsp sour cream Serving suggestion: serve toppings in individual soufflé cups
Low-sodium salsa, mild	12 oz	1 ½ cups	1 lb 8 oz	3 cups	
Fat-free sour cream	12 oz	1 ½ cups	1 lb 8 oz	3 cups	
					9. Serve one tostada pizza.

 The grain ingredients used in this recipe must meet the Food and Nutrition Service whole grain-rich criteria.

Notes
*See Marketing Guide for purchasing information on foods that will change during preparation or when a variation of the ingredient is available.
Salt-free taco seasoning blend
For 25 servings:
1 Tbsp dried onion
1 Tbsp chili powder
1 ½ tsp cumin
1 ½ tsp crushed red pepper
1 ½ tsp garlic powder
¾ tsp oregano
1 ½ tsp cornstarch
For 50 servings:
2 Tbsp dried onion
2 Tbsp chili powder
1 Tbsp cumin
1 Tbsp crushed red pepper
1 Tbsp garlic powder
1 ½ tsp oregano
1 Tbsp cornstarch
Combine all ingredients. Store in airtight container.
*If using immediately, do not add cornstarch.
TIP: Prepare one tostada pizza using exact measurements and use it as a guide to assemble remaining pizzas.

 The grain ingredients used in this recipe must meet the Food and Nutrition Service whole grain-rich criteria.

Salt and Sodium

Tips to help you cut back

Dry Beans and Peas

Think fresh

Most of the sodium Americans eat is found in processed foods. Eat highly processed foods less often and in smaller portions—especially cheesy foods, such as pizza; cured meats, such as bacon, sausage, hot dogs, and deli/luncheon meats; and ready-to-eat foods, like canned chili, ravioli, and soups. Fresh foods are generally lower in sodium.

Enjoy home-prepared foods

Cook more often at home—where you are in control of what’s in your food. Preparing your own foods allows you to limit the amount of salt in them.

Fill up on veggies and fruits—they are naturally low in sodium

Eat plenty of vegetables and fruits—fresh or frozen. Eat a vegetable or fruit at every meal.

Adjust your taste buds

Cut back on salt little by little—and pay attention to the natural tastes of various foods. Your taste for salt will lessen over time.

Skip the salt

Skip adding salt when cooking. Keep salt off the kitchen counter and the dinner table. Use spices, herbs, garlic, vinegar, or lemon juice to season foods or use no-salt seasoning mixes. Try black or red pepper, basil, curry, ginger, or rosemary.

Read the label

Read the Nutrition Facts label and the ingredients statement to find packaged and canned foods lower in sodium. Look for foods labeled “low sodium,” “reduced sodium,” or “no salt added.”

Pay attention to condiments

Foods like soy sauce, ketchup, pickles, olives, salad dressings, and seasoning packets are high in sodium. Choose low-sodium soy sauce and ketchup. Have a carrot or celery stick instead of olives or pickles. Use only a sprinkling of flavoring packets instead of the entire packet.

Dry Beans and Peas

This main dish is filled with hearty, healthy ingredients. Its colorful vegetables are layered with crunchy corn chips, smooth black beans, flavorful cumin, oregano, and lively salsa, and baked to perfection as an aromatic, savory casserole.

Dry Beans and Peas

Fiesta Mexican Lasagna

ITHACA CITY SCHOOL DISTRICT

Ithaca, New York

Our Story

At the Ithaca City School District in picturesque Ithaca, New York, their mission is to educate every student to become a life-long learner. The team's chef is a co-owner of a local restaurant which is considered one of the "pioneer" restaurants for preparing and serving healthy, local, plant-based meals.

The New York Coalition for Healthy School Food was just beginning to work with the school district on a project that develops and implements plant-based entrées, using local organic beans as much as possible, and a team was created. For its entry into the *Recipes for Healthy Kids* Competition, the team worked to create Fiesta Mexican Lasagna.

While developing the recipe, team members spoke with students to gain feedback on the recipe and conducted numerous tastings, which allowed the team to modify the recipe accordingly. The team and students were thrilled that the recipe was selected as a finalist. Fiesta Mexican Lasagna features golden butternut squash, corn, and peppers roasted until sweet and the natural flavors caramelize together. This deliciously spicy spin on an Italian classic will leave your students wanting more!

Dry Beans and Peas

This delicious main dish features a quinoa and black bean filling seasoned with cumin, chili powder, lime juice, and a medley of shredded carrots, red peppers, red onion, and reduced-fat cheddar cheese.

Dry Beans and Peas

Fiesta Wrap

CHARTER OAK INTERNATIONAL ACADEMY

West Hartford, Connecticut

Our Story

Charter Oak International Academy, nestled in the midst of the West Hartford, Connecticut School District, is a thriving magnet school with students from 20 countries, speaking 14 languages! For the contest the recipe challenge team included students from three schools involved in the *Chefs Move to Schools* program or *Farm to School* pilot program and one of the founders of “Growing Great Schools,” a newly formed parent advocacy group. The team’s objectives were to improve the nutritional quality of meals being served in schools and to connect students with their food sources. To test the recipe, Fiesta Wrap was served to over 250 students, and an overwhelming majority gave the recipe a “thumbs-up.” This winning creation combines spices, whole grains, legumes, and vibrant vegetables to create a taste that is unforgettable. To top it off, kids can crown their wraps with fresh tomatoes, lettuce, and corn salsa.

The team was excited to work on the contest and was even more thrilled when their recipe was chosen to be featured in this cookbook.

Dry Beans and Peas

Dry Beans and Peas

This hearty dish is a perfect blend of spinach, sweet potatoes, red potatoes, northern beans, tomatoes, and chicken. To round out the dish, the flavors of carrots, celery, onions, and garlic take this stew to the next level!

Dry Beans and Peas

Harvest Stew

DAVID D. JONES ELEMENTARY SCHOOL

Greensboro, North Carolina

Our Story

When the recipe challenge team came together to work on this recipe challenge project, they had no idea what they had gotten themselves into. Their first task was figuring out how to organize a tasting event because their school had over 750 students. The team then began experimenting with different ingredients and recipes and held small taste testing sessions to gather feedback and make improvements. All of their hard work led to the development of Harvest Stew.

This flavorful dish was created to satisfy the palate of students, teachers, and staff while being a filling, nutritious meal to fuel them for the rest of their day. Initially when the Harvest Stew recipe was created, it was prepared with kale. However, spinach was substituted because it was more readily available for the school district.

Over 600 students sampled the recipe during their lunch period. Parents of students were also encouraged to attend the tasting with their children. Parents, students, and teachers were enthusiastic about the new recipe and overwhelmingly enjoyed the dish, with 70 percent of the students approving of the recipe. The school is proud that North Carolina sweet potatoes from their *Farm to School* program were featured in this stew.

Dry Beans and Peas

Rolled up in a whole-wheat tortilla are avocado, white beans, lettuce, and shredded purple cabbage that pack a powerful purple punch in this delicious vegetarian wrap.

Dry Beans and Peas

Purple Power Bean Wrap

NEWMAN ELEMENTARY SCHOOL

Needham, Massachusetts

Our Story

The Newman Elementary School is the largest elementary school in the Needham Public School District. Serving over 700 students in preschool through the 5th grade, Newman offers an engaging and supportive learning environment for all children.

The recipe competition was a great opportunity for the students to play a major role in sustaining a healthy school environment. Six students helped out with the recipe challenge. When great northern beans became available, the team took the challenge of preparing beans in a recipe that kids would eat and enjoy. The recipe challenge team worked for several weeks in the school kitchen trying different recipes that combined puréed beans with a variety of different ingredients.

They eventually decided that avocado and purple cabbage yielded the best color and flavor combination for the entrée. The end result was called Purple Power Bean Wrap. It's sure to surprise and delight your children!

Notes

*See Marketing Guide for purchasing information on foods that will change during preparation or when a variation of the ingredient is available.

Avocados vary in size according to the season. Please measure this product by weight and not by produce amounts.

Special tip for preparing dry beans:
SOAKING BEANS
OVERNIGHT METHOD: Add 1 ¾ qt cold water to every 1 lb of dry beans. Cover and refrigerate overnight. Discard the water. Proceed with recipe.
QUICK-SOAK METHOD: Boil 1 ¾ qt of water for each 1 lb of dry beans. Add beans and boil for 2 minutes. Remove from heat and allow to soak for 1 hour. Discard the water. Proceed with recipe.
COOKING BEANS
 Once the beans have been soaked, add 1 ¾ qt water for every lb of dry beans. Boil gently with lid tilted until tender, about 2 hours.
 Use hot beans immediately.

Critical Control Point: Hold for hot service at 135 °F or higher.
 OR
 Chill for later use.
 Critical Control Point: Cool to 70 °F within 2 hours and to 40 °F or lower within an additional 4 hours.

1 lb dry great northern beans = about 2 ½ cups dry or 6 ¼ cups cooked beans.

Dry Beans and Peas

The mild spicing of cumin and paprika, the heartiness of chickpeas, the soothing taste of spinach, the slight acidity of tomatoes, and the sweetness of golden raisins, create a delicious stew that will make your mouth water.

Dry Beans and Peas

Spanish Chickpea Stew

SKYLINE HIGH SCHOOL

Oakland, California

Our Story

Skyline High School is located on a beautiful 45-acre campus at the crest of the Oakland Hills in California. The recipe challenge team grew out of an existing afterschool cooking academy that teaches cooking skills and nutrition. The opportunity to participate in the challenge was presented to the cooking academy, and several students participated. The team partnered with a local chef who brought in three concepts for recipes that the students prepared and tasted. The aromas that resulted from cooking the recipes enticed even more students to join the team.

After conducting taste tests and receiving approvals by the students, the team eventually submitted not one, but two stew recipes which were both selected to be featured in this cookbook: Spanish Chickpea Stew and Sweet Potato and Black Bean Stew.

The hearty Spanish Chickpea Stew will make a delightful addition to any menu. The flavors of this stew are well-balanced by the slight acidity of the tomatoes, creating a delicious main dish when served over brown rice or whole-wheat couscous.

Dry Beans and Peas

This warm and wonderful vegetarian chili will light up your palate with three flavorful beans mixed together with vegetables and spices, surrounded by crunchy corn tortilla chips, and sprinkled with a blend of cheeses.

Dry Beans and Peas

Vegetable Chili Boat

CEDAR CLIFF HIGH SCHOOL

Camp Hill, Pennsylvania

Our Story

Cedar Cliff High School, located near Hershey, Pennsylvania, is committed to quality education that prepares students to be responsible adults. To foster this commitment, it seized the recipe competition as an opportunity to involve students, parents, and community members in a real-life challenge of creating a nutritious recipe kids enjoy.

The recipe team, which included a chef, a student team member, and the school nutrition professional, created the Vegetable Chili Boat recipe. More than 250 students selected the chili and were surveyed. The results were overwhelmingly positive, with the majority of the students stating that they would purchase the meal again. The team decided to launch the Vegetable Chili Boat as its contest entry. This recipe packs a punch with southwest flavor! It is a delight to the eye and a fiesta for the mouth!

Dry Beans and Peas

Serving Food Safely

Food safety should be kept in mind at all times, especially when adding new recipes to your menu. The following tips may be used to help ensure that the healthy and delicious meal options you serve are also safe to eat.

Preparation

- Always wash hands with warm water and soap for 20 seconds before and after handling food.
- Don't cross-contaminate. Keep raw meat, poultry, fish, and their juices away from other food. After cutting raw meats, wash cutting board, utensils, and countertops with hot, soapy water.
- Cutting boards, utensils, and countertops can be sanitized by using a solution of 1 tablespoon of unscented, liquid chlorine bleach in 1 gallon of water.
- Marinate meat and poultry in a covered dish in the refrigerator.

Thawing

- **Refrigerator:** The refrigerator allows slow, safe thawing. Make sure thawing meat and poultry juices do not drip onto other food.
- **Cold Water:** For faster thawing, place food in a leak-proof plastic bag. Submerge in cold tap water. Change the water every 30 minutes. Cook immediately after thawing.
- **Microwave:** Cook meat and poultry immediately after microwave thawing.

Cooking

Cook all raw beef, pork, lamb and veal steaks, chops, and roasts to a minimum internal temperature of 145 °F as measured with a food thermometer before removing meat from the heat source. For safety and quality, allow meat to rest for at least three minutes before carving or consuming. For reasons of personal preference, consumers may choose to cook meat to higher temperatures. Cook all raw ground beef, pork, lamb, and veal to an internal temperature of 160 °F as measured with a food thermometer. Cook all poultry to an internal temperature of 165 °F as measured with a food thermometer.

Serving

- Hot food should be held at 140 °F or warmer.
- Cold food should be held at 40 °F or colder.
- Perishable food should not be left out more than 2 hours at room temperature (1 hour when the temperature is above 90 °F).

For more information on food safety, please visit <http://www.fsis.usda.gov>

**U.S. Department of Agriculture
Food and Nutrition Service**

FNS-442

September 2013

The U.S. Department of Agriculture (USDA) prohibits discrimination in all of its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex (including gender identity and expression), marital status, familial status, parental status, religion, sexual orientation, political beliefs, genetic information, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.)

Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination, write to USDA, Assistant Secretary for Civil Rights, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, S.W., Stop 9410, Washington, DC 20250-9410; or call toll-free at (866) 632-9992 (English) or (800) 877-8339 (TDD) or (866) 377-8642 (English Federal-relay) or (800) 845-6136 (Spanish Federal-relay).
